

Drigani è un'azienda specializzata in contract e hospitality design fondata da Galliano Drigani nel 1950. Nata a Udine come attività artigianale, oggi esporta in tutto il mondo arredi e complementi made in Italy e di design internazionale.

L'azienda realizza sedie, tavoli, poltroncine e complementi in diversi materiali tra cui metallo, legno, alluminio e polipropilene. Propone collezioni modulari perfette per rispondere alle esigenze di spazi pubblici indoor e outdoor dove la versatilità dell'arredo contribuisce a definire le diverse anime di uno spazio.

In oltre cinquant'anni di storia tra il saper fare artigiano, la passione per l'innovazione e la conoscenza del settore, Drigani ha perfezionato linee di prodotto in cui l'estetica si integra con la funzionalità per rispondere a ogni richiesta del cliente. La collaborazione con studi di progettazione e designer contribuisce allo sviluppo di materiali, forme e concept innovativi per offrire ogni anno al cliente un catalogo con nuove proposte esclusive in ogni sua collezione.

Drigani is a company specialising in contract and hospitality design, founded by Galliano Drigani in 1950. Set up in Udine as a craft-scale business, it today exports its furniture and complementary pieces – made in Italy and featuring international design – to markets across the world.

The company produces chairs, tables, armchairs and accessories in various materials, including metal, wood, aluminium and polypropylene, and offers modular collections that perfectly fulfil the requirements of indoor and outdoor public spaces, where the versatility of the furnishings helps to define the multi-faceted nature of a given space.

Over the course of more than 50 years – during which time it has developed its artisanal expertise and knowledge of the sector – Drigani's passion for innovation has been ever-increasing, and it has perfected its product lines, in which aesthetics are integrated with functionality to meet whatever needs its client base may have. Partnerships with design studios and renowned designers contribute to the development of cutting-edge materials, forms and concepts, with a view to giving the client a catalogue that every year includes new, exclusive offerings.

La terrazza di un resort in riva al mare, un roof garden di un hotel metropolitano o il dehor di un caffè in città. Atmosfere ricercate, situazioni informali, luoghi da vivere all'aria aperta.

Ogni spazio ha un'anima: la vista mozzafiato da sola è splendida, ma valorizzarla con soluzioni ricercate la trasforma in un'esperienza da vivere, mentre le verande di caffè e ristoranti trovano la loro personalità unica grazie alla scelta di arredi azzeccati.

La collezione Drigani Outdoor offre al cliente infinite combinazioni di materiali, elementi componibili e colori per definire la personalità del suo outdoor place, con prodotti made in Italy e di design internazionale di qualità. Oltre all'attenzione per estetica e funzione, gli arredi Drigani sono studiati per la resistenza agli agenti atmosferici, pensati per ottimizzare gli spazi e garantire la semplicità di pulizia e manutenzione.

The terrace of a seaside resort, the roof garden of a metropolitan hotel or the pavement outside a city-centre café.

Refined atmospheres, informal situations, places to enjoy al fresco.

Every space has a soul:

the breathtaking view on its own is wonderful, but make the most of it with polished solutions that transform it into an experience to be savoured.

The verandas of cafés and restaurants find their unique personality through the choice of the right furniture.

The Drigani Outdoor collection offers clients infinite combinations of materials, modular elements and colours to define the character of their outdoor places, with Italian-made products featuring highest-quality international design.

Alongside its focus on aesthetics and function, Drigani's furniture is designed to be resistant to atmospheric agents, and conceived to optimise spaces and guarantee simple cleaning and maintenance.
