2020

ADEX has always chosen to follow an ecologic sustainable path from the selection of the raw material to the solidity of the final product.

More than ever Planet needs our action.

We have always produced chairs, tables and components for nurseries, kindergartens, schools and communities:

Children are our world.

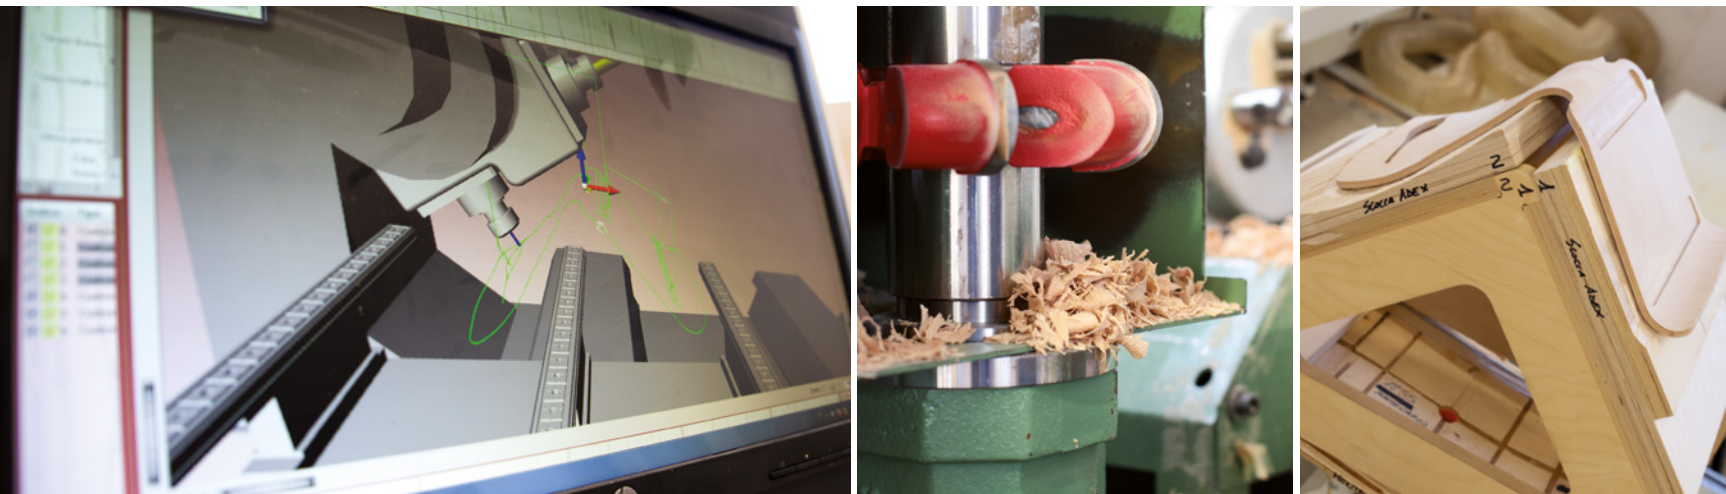

Children are the Future.

Don't make children seat on Plastic.

CHOOSE WOOD. CHOOSE SUSTAINABILITY.

Since 1960 Adex has been specialised in the production of children chairs, small seats and tables for kindergartens, schools and communities, totally in wood. The seriousness of our commitment, the accurate selection of raw materials and the manufacturing accuracy have enabled us to write more than fifty years of long history.

**TODAY ADEX IS A SUCCESSFUL TRADEMARK
ON NATIONAL AND INTERNATIONAL MARKETS.**

Adex production of children chairs and tables is characterised by an accurate attention to detail.

Adex is also able to meet customers' requirements in terms of quantity and customized design, thanks to modern machinery and state-of-the-art technologies.

Top quality materials are used, usually beechwood, and the produced items follow the relevant European Standards. The accurate manufacturing and assembly works as well as the use of non-toxic paints ensure the safety of Adex products. They are wholly and exclusively made in Italy.

Our tables are made in wood with the top in CARB2
birch plywood and fireproof plastic laminated
for a total thickness of mm 26.

Legs are in beechwood of diameter mm 62, easy to screw by hand to the top of the
table and provided with non-slip rubber.

All edges are smoothed in order to be safe for children and avoid traumas in case
they accidentally bump into them.

Our tables are available in all sizes and heights.

They respect European Union rules in terms
of safety, security and dimensions.

Onda series

Sectional tables in different shapes and sizes.

The particular wave shape enables You to put the tables together and combine infinite compositions and best organise the available spaces.
