Pieghevole... Flessibile... Adattabile... Versatile...

Benvenuti nel mondo del pieghevole!

Quante sono le possibilità e le diverse soluzioni che un articolo pieghevole offre...

Noi le abbiamo colte e le abbiamo tradotte negli articoli che qui presentiamo. Una vasta gamma di sedute che ne consentono l'utilizzo negli ambienti più diversi: il soggiorno, il giardino, il terrazzo, lo studio o l'angolo relax, la casa al mare, ma anche il ristorante, l'agriturismo o il bar sulla spiaggia... o la sala riunioni, la sala d'attesa e... perché no, il club degli amici o la festa in piazza.

1934, Luigi Bolzico.

Da sempre attenti al particolare ed alle trasformazioni del mondo che ci circonda, abbiamo unito alla nostra lunga esperienza nella lavorazione del legno la voglia di essere e di offrire flessibilità, di cambiare, intercambiare, giocare con lo spazio. Ecco così che nasce l'idea del "pieghevole everywhere", non come sostituibile, ma sempre più insostituibile, negli spazi limitati di cui disponiamo, essenziale e funzionale, una valida alternativa o un supporto prezioso al prodotto tradizionalmente statico. Venite a vedere...

Tradizione & Contemporaneità.

Folding... Flexible... Adaptable... Versatile...

Welcome to the world of folding furniture!

How many thousands of possibilities and diverse solutions can be offered by a folding article...

We have collected them and converted them into the items that we are presenting here. A huge range of seating which can be used in different situations: in the sitting room, the garden, the terrace, the study, in your favourite corner, the sea-side house, in a restaurant too, or a bar on the beach... or the board room, the waiting room and... why not, at a get together with friends or at a party in the town square.

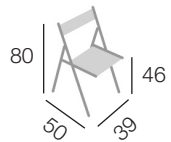

Having always paid attention to detail and to the changes in the world around us, we have combined our years of experience working with wood with the desire to be flexible and to offer flexibility; changing, interchanging and playing with space.

This is how we came up with the idea of "folding everywhere", not as a substitute, but as a permanent feature in the limited spaces available, essential and functional, a valid alternative to, or invaluable endorsement of, the traditional static product. Come and see...

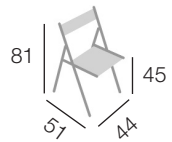

Tradition & Modernness.

Made in Italy only.
CATAS tested.
